

Shingleside[®]

PANEL

**DURABLE, MOISTURE RESISTANT
LOW MAINTENANCE PANEL**

James Hardie[®]

Shingleside®

PANEL

James Hardie creates building products that enable our customers to have well-designed homes and commercial spaces.

Shingleside® Panel is a new moisture resistant, low maintenance panel that has the character and charm of cedar shingles but has the durability of fibre cement.

THEY'RE WELL DESIGNED

- Architecturally designed panel profiles allow speedy installation saving time and money.
- Shingleside Panel can be used to compliment other James Hardie exterior claddings such as Linea® Weatherboards.
- Ideal for making a feature out of smaller areas such as gable ends.

THEY'RE DURABLE

- Shingleside Panel is impact resistant.
- James Hardie products are resistant to damage from moisture, rotting, cracking and fire when installed and maintained correctly.

15 YEAR WARRANTY

- Meets the requirements of the New Zealand Building Code.
- Shingleside Panel comes with a 15 year product warranty.

SHINGLESIDE PANEL – SHEET SIZES

PRODUCT	THICKNESS (MM)	LENGTH (MM)	WIDTH (MM)
