

# — EasyLap™ Panel

# EasyLap™ Panel

**FAST AND EASY.  
IDEAL FOR BROAD WALLS.**

If you're looking for a down to earth, impressive looking exterior, our EasyLap™ Panel is just what you're after. EasyLap Panel is a strong fibre cement substrate with a shiplap vertical joint, it's a quick and easy way to achieve a clean, textured look. The panel can be finished with a site applied roll on textured acrylic paint for that rendered look, or you can paint it smooth.

Ideal to be used as external wall cladding in residential and medium-density homes, including alterations and additions, where a uniform broad wall cladding is required. Ideal for full wrap or composite construction designs.

Lightweight but durable, EasyLap Panel is an easy to install, cost-effective cladding solution.

With EasyLap, it couldn't be easier.

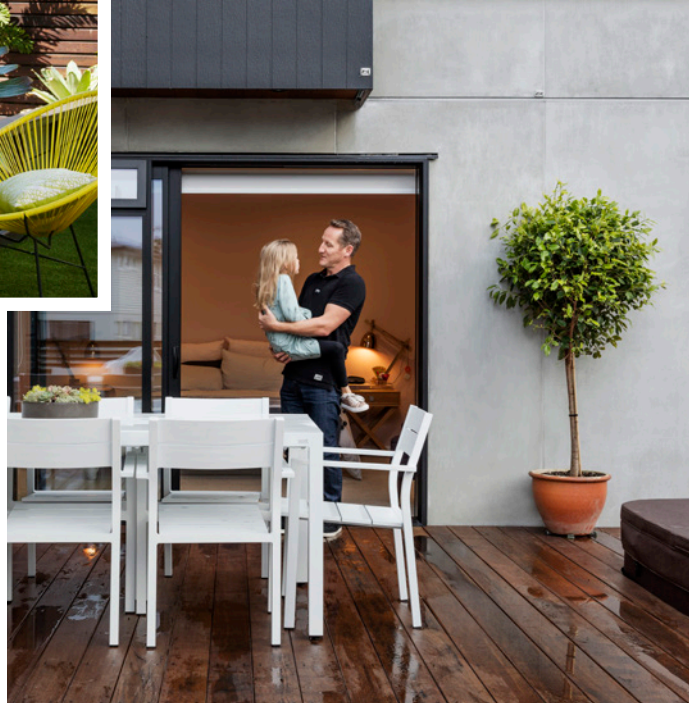

A wire chair with a colorful patterned cushion is positioned against a grey textured wall. The cushion features a repeating pattern of stylized, overlapping shapes in shades of orange, blue, green, and brown. The wall has a vertical seam running down the center.

# What is fibre cement?

Engineered for durability, fibre cement is rot resistant and resistant to moisture damage, making it an ideal low maintenance building material. Fibre cement offers both contemporary and flexible design options and is used by many New Zealanders to create stunning facades.

The simple combination of wood cellulose fibre, sand, cement and water, give the product its strength to stand the test of time.

# Sheet Sizes

LENGTH (MM)	WIDTH (MM)	THICKNESS (MM)
2450	1200	9
3000	1200	9

# Features & Benefits

**WEATHER RESISTANT**  
Engineered to stand up to harsh conditions, including coastal conditions

**EASY TO PAINT**  
Can be painted any colour, even the darker shades. The roller applied acrylic texture paint finish means you only need two trades (your carpenter and painter)

**RESISTANT TO MOISTURE DAMAGE**

**COST EFFECTIVE**  
Cost effective and long lasting

**15 YEAR WARRANTY**  
15 year product warranty

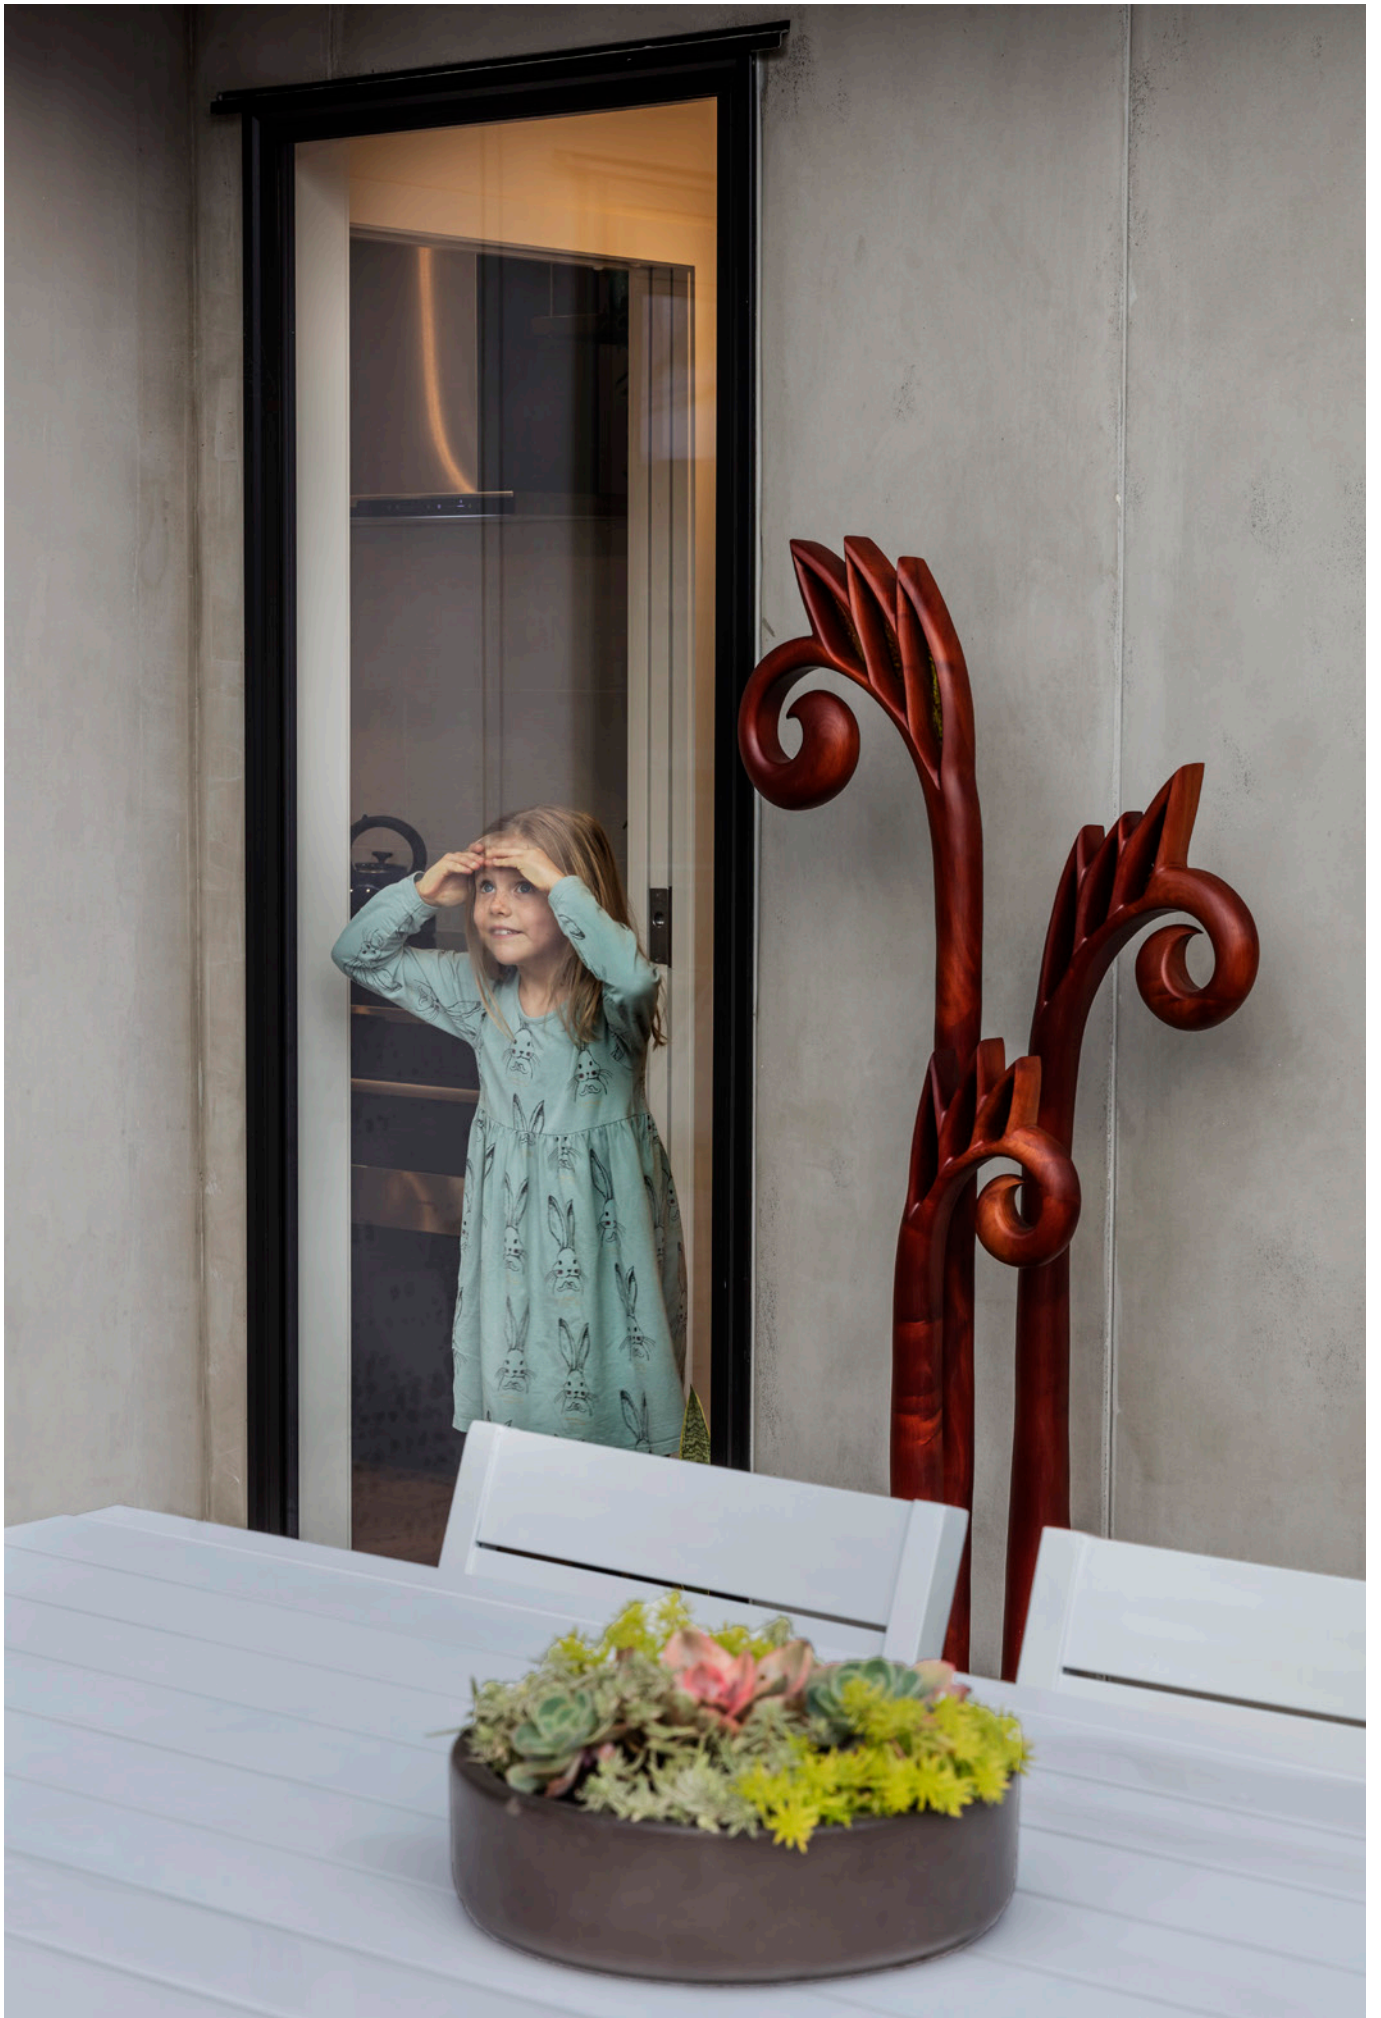

**LOW MAINTENANCE**

**FIRE RESISTANT**  
EasyLap Panel is fire resistant and classified as a non-combustible material

EasyLap™ Panel and Axon™ Panel

# Care & Maintenance

With minimal maintenance you can keep your home looking like new. The following are the best practices for this product to improve its longevity and performance.

- Washing down your exterior every 6-12 months using low pressure water and a brush, and every 3-4 months in extreme coastal conditions (such as high winds and sea spray)
- Clean out your gutters, downpipes and overflow pipes as required
- Cut back vegetation and landscaping which is too close to or touching the EasyLap Panel
- Re-applying exterior protective finishes. Always refer to the paint manufacturer for wash down and re-coating requirements
- Maintaining the exterior envelope and connections including joints, penetrations, flashings and sealants
- The clearances between the bottom edge of the EasyLap Panel and the ground must always be maintained
